

Remote Data Capture for Sponsor Personnel

Get Trained by Experts.

ABOUT THIS CLASS

This 2 (or 3) day class provides users of Oracle Clinical with information on how to configure and use Oracle Clinical's RDC option. The course is geared to current OC users who are familiar with native Oracle Clinical functionality. The course consists of presentations, demos and hands-on exercises. Each student will have a laptop and will be connected to a live Oracle Clinical database. An optional 3rd day will discuss older versions.

FUNCTIONALITY COVERED ...

- Overview
- Common RDC Functionality
- Data Entry Using RDC
- Discrepancy Management Using RDC
- Document Verification and Approval
- Special RDC Features
- Administration

WHO SHOULD ATTEND?

This class is designed for sponsor personnel who will be configuring and conducting studies using Oracle Clinical's Remote Data Capture option and who might provide training for site personnel that will participate in the RDC studies.
